MLS®# R2263663

Property Value	\$975,000
Type	Legacy Land
Style	Ranching Homestead
Taxes	164.51

Description

Pemberton's Echo Ranch, located 1/2 hour from downtown Pemberton, is now on the market for the first time in decades. The original heritage homestead, estimated to have been constructed in 1917, stands stoically on the land as a historical reminder of the 4 local generations who have cared for the property over a lifetime. Named after the echoes that bounce off the Pemberton Meadows mountains, the 142 acre estate is known for its abundance of sunlight, prime farmland, panoramic views, and wandering streams. It is truly a rare find with properties like this available in limited numbers. The adjacent 245 acres is also available for the first time in decades and, combined, would make one amazing land holding to start your own family legacy. Full information package is available so call today!
