Description

This 2 bed 2 bath townhome in the sought after Peaks development is located in the preferable cul-de-sac area of the complex, and backs onto a large amount of green space in a private setting. The covered deck off of the living space offers morning sun and afternoon shade for those hot summer days in Pemberton and provides private stair access to the common green space below, perfect for those with furry friends! The oversized single garage easily stores your vehicle and toys too with the extra width. Views of Sugarloaf mountain can be had from the second bedroom, and in winter the thinned trees give views of Mt. Currie from the deck. The home has stainless steel appliances, maple hardwood flooring and a new washer dryer combo. This won't last long!
